

## **WINDOW #703**

### **MARY'S WINDOW**

Installed September 22, 2011.

This window shares much of the symbolism described for the resurrection window. In addition, at the top, in blue and purple, is a circle punctuated with twelve stars. This is meant to honour St. Mary.

From Revelation 12:1

**“A great protend appeared in heaven:  
a woman clothed with the sun,  
With the moon under her feet, and on her head a  
crown of twelve stars”.**

The window is dedicated “to the Glory of God and in loving memory of Anne Wells. The purple glass is used in kind remembrance of Anne’s fondness for her purple shoes.
